

# JAVASCRIPT SYLLABUS

## 1. JS Basics

- Statements
- Variables
- Comments
- Operators
- Data types

## 2. Arrays

- Methods
- Properties

## 3. Strings

- Methods
- Properties

## 4. Number

- BigInt
- Number methods
- Number properties

## 5. Loops

- For loop
- While loop
- Switch case

## 6. Conditional statements

- If
- Else if
- Else
- Break
- Continue

## **7. Date**

- Format
- Get and set method

## **8. Map**

## **9. Set**

## **10. Type conversion**

## **11. Functions**

- Types
- Definition
- Parameters
- Invocation
- Call
- Bind
- Apply
- closures

## **12. Objects**

- Properties
- Methods
- Object literals
- Accessor
- Constructor
- Prototype
- Iterables
- Reference

## **13. Class**

- Introduction
- This keyword
- Es6 class
- static

## **14. Error handling**

- Try block
- Catch block
- Finally block
- throw

## **15. OOPS**

- Inheritance
- Polymorphism
- Abstraction
- Encapsulation

## **16. Ajax**

- Sync
- Async
- Async await
- Callbacks
- XML Http
- Request
- Response
- XML file
- PHP
- ASP
- Database
- Applications

## **17. JS HTML DOM**

- Methods
- Elements
- Forms
- CSS
- Animation
- Event
- Eventlisteners

- Navigation
- Nodes
- Nodes
- Collections
- DOM node list

## **18. Browser (BOM)**

- JS window
- JS screen
- JS location
- JS History
- JS navigator
- JS popup alert
- Timing
- Cookies

## **19. JS Web APIs**

- Web API introduction
- Forms API
- History API
- Storage API
- Web fetch API
- Geolocation API

## **20. JSON**

- Syntax
- JSON vs XML
- Data types
- Parse
- Stringify
- Object
- Arrays
- Server
- PHP
- JSONP

## **21. JS vs JQuery**

- jQuery selector
- HTML
- CSS
- DOM

## **22. Js Grahics**

- Graphics
- Canvas
- Plotly
- Chart .JS
- JS google chart
- D3.js

## **23. Others**

- Scope
- Hoisting
- Strict mode
- Modules
- Reserved keywords
- Libraries
- Bitwise
- RegExp
- Precedence
